Dear Parents/Carers – Y2

Year 2 Healthy Soups

To complete our Design and Technology unit on healthy soups the children will be making their own healthy soup here in school either this week or next.

Please can you send your child into school with a small plastic tub with a lid so that they can bring home the small sample they make to share with you. (A take-away tub or something similar would be perfect.)

Many thanks

Mrs Renshaw, Mrs Thackray and Mr Robinson

Y2 Teachers
