Ready
Respectful
Safe

Year 3 -Autumn Two

Science— Animals, including humans

FOOD GROUPS Do you have a balanced diet?

Protein	Carbohydrates	Vitamins and Minerals	Fibre	Fats
We need foods containing proteins to help our bodies to grow and repair themselves.	Foods containing carbohydrates give our body energy.	Vitamins and minerals keep our body and cells healthy.	Fibre helps us to digest our food and keeps our intestines healthy.	Fats provide energy and help in building up our body.
meat milk fish eggs nuts	bread chips pasta rice	fruit vegetables	fruit vegetables cereals brown bread	cakes butter biscuits cheese
