Dear Parents/Carers

Last week we received guidance from the government about safe opening of school to all pupils in September. We are working through this guidance and putting plans in place to ensure that this can happen.

Many of the procedures that we have already introduced will remain in place for September such as staggered start/end times for pupils, minimal items being brought from home and limiting visitors to the site.

It is vital that you check the school website before the end of the holidays. This is where we will put all the information that you need to ensure that you know what to do for September. The procedures and routines that we will put in place must be followed as they form part of our risk assessment for keeping you, your children and the staff as safe as we can.

I look forward to seeing you all back in school on 2<sup>nd</sup> September!

Best wishes,

Becca Butler
