Dear Parents/Carers

We are pleased to let you know that we have been able to arrange for school photos to be taken this year.

School photo day will be: **Thursday 10th June 2021**

There is nothing you need to do other than making sure your child looks presentable on that day!!

The proofs will be sent home from school in mid-late June and then you can order and pay online through the photography company. The photos will be delivered directly to your home address rather than to school and if you have any queries you contact the Photographers direct. Here is a link to their website.

We hope that this new way of doing it will be an improvement on the old system and will make life easier for you!

Best wishes

Becca
