

Dothill Primary School are extremely proud to have been awarded the gold level in school sport for the fourth consecutive year. This award recognises the high level of participation of our pupils, the high quality of our curriculum provision and the opportunities offered through our sports clubs and teams for the academic year 2015/2016.

Thank you to all the children that have represented the school teams over the years and to the parents for their fantastic support. The children give their all at every event and whether we win or lose, their behaviour and attitude towards sport is amazing.
