

Year 6 Project Home work

In history this term, we are learning about the huge changes in Britain during the Victorian era, including the changes that caused and resulted from the industrial revolution.

During this time, many inventions and inventors made great leaps forward and changed how our society lived and worked.

For your project homework, you can either:

- Research and create a presentation on a famous Victorian inventor.
- Research and create a presentation on a current famous inventor.
- Research and select the 10 most important inventions from the last 150 years.
- Become an inventor yourself and create a design for a new and innovative machine.

Weekly Homework:

Read 4 times a week, to be recorded in your reading record.

Times Table Rockstars

15 minutes on Garage, 2 minutes on Studio

(login is in the front cover of your reading record)

Spellings

Every week, your child will bring home a list of spellings in their spelling book to practice. Attached to this sheet is a set of activities that you can choose from each week to help your child practise their spellings in a more fun and interactive fashion. Choose two each week, and sign the spelling book, noting which activity you used as evidence of their practice.

Project due Monday 19th October

Thank you for supporting your child with their homework

Miss Chantry and Mrs Willoughby
